2022 Everyday Essentials

The
Very Best[™]
Balloons
qualatex.com

At Pioneer® Balloon, we like you, are looking forward to the new year with the expectation of a renewed sense of purpose and a healthier world. We knew that 2021 would come with its own unique set of challenges, both as an aftermath of the difficulties of 2020, as well as regular everyday challenges. And while much has changed, **our highest priority remains focused on helping you spread the joy that balloons bring to others**, and providing you with the very best in balloons.

Like so many others, Pioneer Balloon continues to face the inevitable supply issues that cause serious delays in production. The Pioneer Team has worked diligently to get you the products you need to the best of our ability. While these issues will likely remain with us for a while longer, we are committed to finding alternatives that support your needs.

You will see many fresh ideas throughout this catalog and through our other digital marketing efforts. We know you will benefit from the just released **Paint Your Party** campaign, which provides multiple guides for double-stuffing trending colors for every kind of celebration. These guides are straightforward and user friendly, and will be invaluable to you in immeasurable ways! We have also realigned the catalog to share more trends, inspiration and references that deliver the very best design combinations for year-round occasions.

As we enter yet another new year, we are eager to face the challenges and opportunities that come our way. We could not exist if not for our committed team and those they serve, our incredible customer base. It is for you that we work tirelessly. We are so very grateful for your support and thankful for your loyalty!

Cheers!
