

2021 **Qualatex**[®]
Everyday Essentials

At Pioneer® Balloon Company, like so many others, have had to adapt to a new reality brought about by the worldwide pandemic. Despite the many challenges 2020 brought, what remains constant is our commitment to serve our customers in the best way possible. One positive outcome of the turbulent year is the adjusting of our resources to fulfill that goal! As we all rolled through the year, we found that adversity helped the industry create new innovative ways to achieve success. This included the introduction of "Yard Art," as well as a resurgence in balloon deliveries for all life's occasions. These creations boosted the spirits of so many. We were all looking for ways to find and spread joy, and what better way to do that than with Qualatex® balloons.

During the spring of 2020, Pioneer's Qualatex® plants were closed. Upon start-up, we found it difficult to justify the continual introduction of new products while we were trying to catch up with the increased demand for existing favourites. Therefore, we focused our efforts on meeting that demand, and we are thrilled to finally release the new Qualatex products featured in this catalogue!

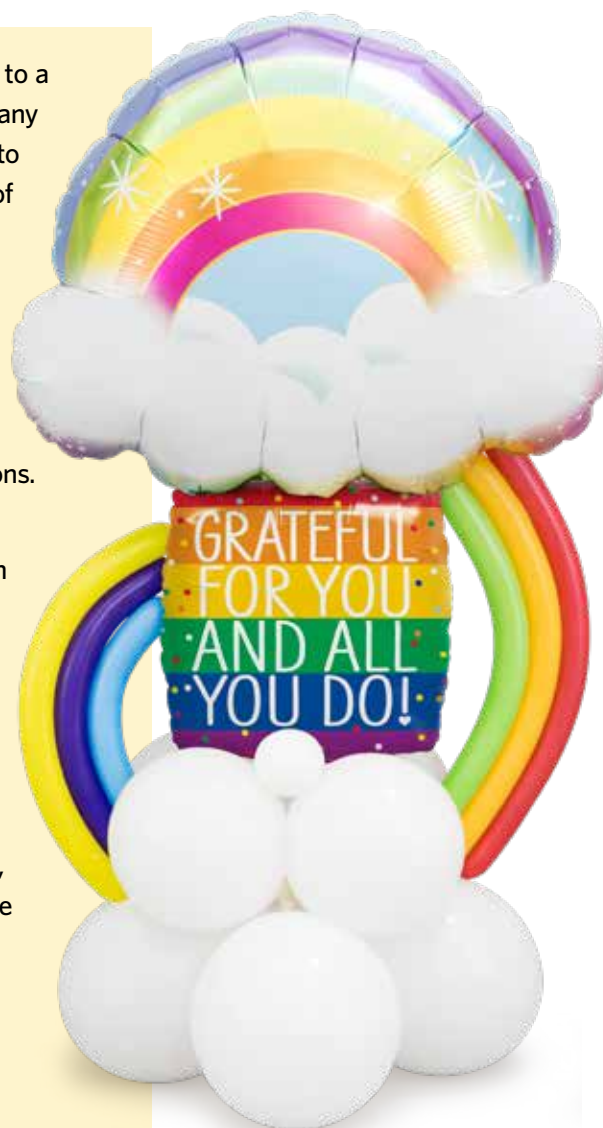

We are so thankful for all of our customers and their continued support, which allows us to continue to deliver smiles and joy around the world. As we begin a new year, we are optimistic about the future, and we look forward to a day very soon when we will all be able to see each other in person once again!

Thanks for your support.

No Party like a Birthday Party!

"We have been using Qualatex balloons for 20 years.

During the pandemic, contactless deliveries were the best way we can continue to spread hope and joy. Our clients contacted us many weeks later, happy with how their joyful balloon creations were still intact over such a large span of time. It's a great feeling to know our clients are receiving high quality that we can rely on."
